## Notes

# Wall Liners Guide

## Wall Liner Types

When choosing your shower, consider the wall liner that best fits your storage needs, and budget. Whether you're after simplicity or added functionality, we've got a solution for every space.

### Flat Wall Liner Benefits

**Cost-Effective:** Ideal for budget-conscious projects.

**Minimalistic Look:** Creates a clean, modern aesthetic.

**Easy Maintenance:** Smooth surface is quick to wipe down.

**Quick Install:** Simple and Easy Install.

### Side Moulded Liner Benefits

**Mid-Range:** Great balance of style and affordability.

**Built In Storage:** Enjoy more space for your toiletries.

**Reversible Liner:** Reverse Liner to have the Side Mould Shelves on your right or left.

**Low Maintenance:** Easy to clean surface.

**Quick Install:** Simple and Easy Install.

### Corner Moulded Liner Benefits

**Premium Range:** Experience premium storage with our sleek looking glass shelves.

**Extra Storage:** Includes four glass shelves for extra space for your toiletries.

**Low Maintenance:** Glass Shelves can be easily removed to be cleaned individually.

**Quick Install:** Simple and Easy Install.

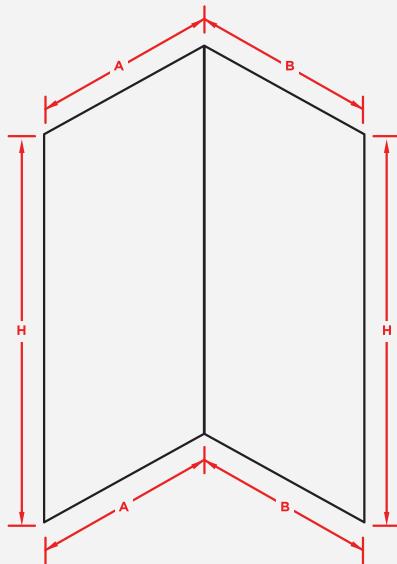

This guide is intended to help you select the right option for your chosen shower package.

# Custom Liners

## Need something unique?

Our Acrylic Wall Liners can be fully customised to fit your requirements.  
Fill in the dimensions below and ask a Mitre 10 team member to help you place the order.

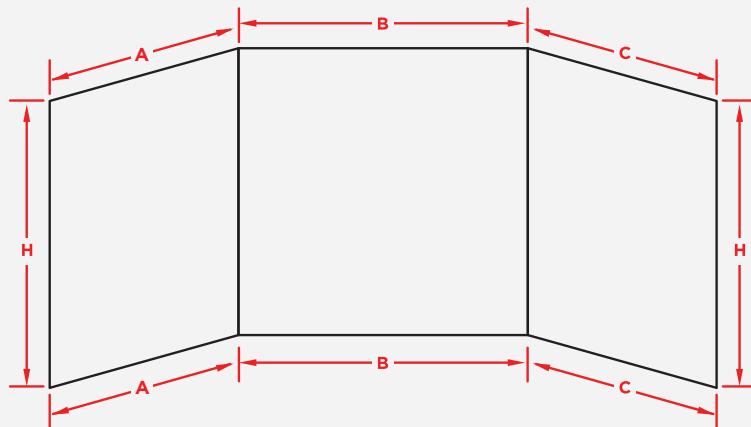

## 2-Sided Acrylic Liners

### Measurements (mm)

A:  
B:  
H:

## Alcove Acrylic Liners

### Measurements (mm)

A:  
B:  
C:  
H:

**Note:** Dimension B should be measured from wall lining to wall lining.  
The liner will be manufactured with an appropriate tolerance allowance.

# Tray Orientation Guide

## Tray Types

**Low Profile**

40mm Sill Height  
with 40mm Upstand

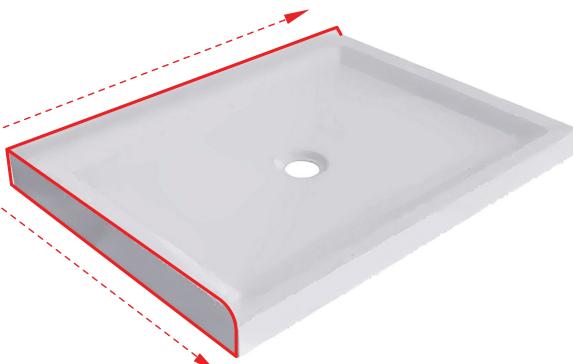

**Standard Profile**

65mm Sill Height  
with 30mm Upstand

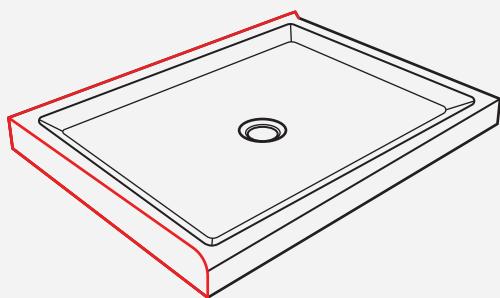

## Left Hand or Right Hand?

When choosing a shower tray, Left Hand or Right Hand does NOT refer to the door or the way it opens. Instead, it describes which side of the tray has the upstand that fits against the wall.

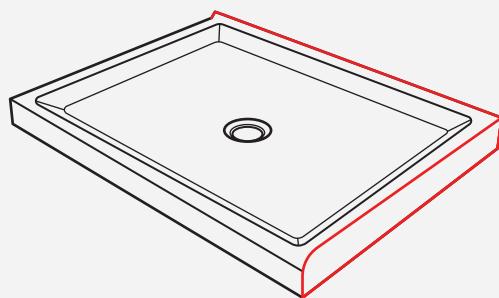

*The upstand of a shower tray is a raised edge that runs along two or more sides of the tray.*
